GENERAL RULES - BUBBLE WORKS

This is a 5x3, 20 line video slot with multiple features (see payable for more details).

This game has a fixed number of 20 paylines, you cannot change the number of active paylines.

Changing the bet amount automatically changes the win amounts displayed in the payable, those amounts are displayed in the currency you selected.

When identical matching symbols appear consecutively on an active payline from left to right, you win (see payable for more details).

Only the highest win on an active payline will be paid.

If you have more than one win on a single spin, the total amount of your winnings is added together, displayed in the win field and added to your balance.
